FIT TIPS

1. Opt for a waistband that curves slightly higher in the back than in the front.
2. A trouser cut or wide-leg pant is ideal because it has a streamlining effect. Consider a high-waist style for a trendy, sexier look.
3. Try **IsABelt**, \$17, Isabel.com, designed to manage the annoying gap that appears on sisters with Coke-bottle bodies. This clever, thin belt will cinch your waistline to eliminate bulk around your middle.

BUDGET BUY: Forever 21 wide-leg denim trousers, \$25, forever21.com
