

Bring Your Smile to Life with ALL WHITE!

Dr. Collins ALL WHITE Toothpaste is formulated by a dentist to give your teeth the ultimate healthy shine. While wine, coffee, and soda may taste great, they can leave unattractive surface stains on your teeth. The unique formula of Dr. Collins ALL WHITE TOOTHPASTE combines baking soda, peroxide, and xylitol to help whiten stained teeth and combat plaque. The ALL WHITE Toothpaste is safe on dental work and great for everyday use with the ultra soft Dr. Collins Perio Toothbrush. For more information and to view the complete offerings by Dr. Collins please
